College Knowledge Institute (CKI) is the only affordable online alternative education program that offers the most popular, empowering, and relevant, college-level courses; developed and administered by college professors.

Program Overview

Our program offers thirty-six (36) subjects presented in sequence; similar to traditional college terms, or semesters; learning retention is enhanced by automatically enrolling participants in one course every thirty (30) days. Research indicates that this is a much better model than requiring students to start four courses at once. Upon enrollment, access to each course is one full year (12 months).

Features and Benefits of College Knowledge Institute:

- Attain undergraduate college-level knowledge
- Courses developed and managed by college educators
- Lessons and quizzes with score and activity tracking
- Supplemental resources and references advance knowledge
- No textbooks required; No DVD's, CD's, or software to install
- Works on any modern computer operating system or browser
- Completely mobile device compatible
- Certificates, Badges, CEUs, and Transcripts
- Dedicated course facilitators and student support staff

"The College Knowledge Institute program is not just a bunch of useless, meaningless, subjects... These are very common, core and elective, undergraduate college courses."

Mary W., High School Counselor, New York
